the Details 4-your-mind.com/150mb_xmas_graph_coll/index.htm Over 150 MEG, over 1,500 images - that you can reuse over and over. I thought about charging \$97.00 bucks, the package is easily worth that one time payment. But... during Christmas, everyone has a tight budget - including me. So I thought, how about \$67.00. Still a bit high though. You can get a couple of really nice gifts for others for \$67 bucks. OK, \$47.00 then. Thought that after I split payments with other people who would also like to sell this package - that would leave us both with about \$23.50 - but then there are fees associated with selling - so say \$21.00 each to round it off. Hmmm - \$47 bucks. I could get my boys about 3 items on THEIR list for \$47. Well, since I want everyone to have a Merry Christmas - and be able to spread plenty of gifts around, I finally settled on \$27.00 bucks. I think that is very affordable for most people, and considering the HUGE amount of graphics - that is one heck of a deal. I gotta tell you, since I created this package last year, my husband NOW KNOWS what price I put on it. He watched the kids for many hours so I would have time to create not only the image pack, but also this website - so he wasn't real thrilled when he found out the price. I already got the "well, are you gonna charge \$97.00 for that Christmas pack this year?" lecture. No, I'm not kidding. If he talks me into upping the price a bit this year, well - let's just say he's done it before. He means well. Only looking out for my best interest really, and he can talk sense into me when he wants to! ;-) So Buy This Wonderful Set Of Christmas Images NOW For Just \$27!!!
