Law school has the reputation of being one of the hardest academic programs. It is a reputation well earned. However, Law School Basics is chock-full of insights and strategies that will prepare you well and give you a head start on the competition. Law School Basics presents a thorough overview of law school, legal reasoning, and legal writing. It was written for those who are considering law school; for those who are about to start law school; and for those who are interested in knowing more about lawyering and the legal process. Law School Basics was written with one overriding goal: to enlighten you about everything the author wishes he had known before starting law school.
