

Amazing Buy Sell Magic Indicator

[DOWNLOAD HERE](#)

Email alert with with entry and stop loss levels !!! The magic buy sell arrows that are always in profit never seen before secret combination of Forex tools and indicators together. Once a signals is observed it then waits for all built in indicator to be in agreement. As soon as everything is in sync the Buy Sell Magic gives you an arrow and a pop up alert with audio telling you when and where to enter the market. Heres how it works in 4 easy steps: 1. Pick a Forex pair or a stock that youd like to trade, or trade options on. Open a chart. 2. Choose your time horizon: M1, M5, M15, M30, 1H, 4H 3. Whenever you see a buy or sell signals (red or green arrows) or get an alert, you decide whether or not you want to enter the trade. 4. Exit point will be PRINTED on your chart!
