

230 Digital Papers & Scrapbooking Elements (printable)

[DOWNLOAD HERE](#)

This 230-piece digital paper and scrapbooking elements collection is perfect for: digital scrapbooking, card-making, digital collage work, or any other kind of digital or paper craft-work you can dream up. As long as you use the items in the collection creatively, you can even sell your creations commercially.

****This collection contains:**** - 76 seamless patterns at standard scrapbooking size: 30.48 cm by 30.48cm (12 inches by 12inches) - 44 other textures and patterns at standard scrapbooking size - 60 textures and patterns at assorted sizes - 50 digital elements at assorted sizes. The picture above shows just a small selection of the files in the collection, which include: -Vintage-effect paper textures and frame elements, - A variety of subtly coloured and textured papers that make great backgrounds, -Velvet, lace, knitted and other texture effects, -Elements for Christmas & Halloween projects, -Bright repeating patterns that can also be used as printable wrapping paper, -Images and textures in a huge range of colours and shades,

from scarlet to palest cream, with every shade in-between And much, much, more. Im offering the collection for sale at a low price initially because I want as many people as possible to be able to discover Bounding Squirrel files at low cost. ****File types**** All files are high quality (300 dpi) and most will be best viewed, used at 100 in your design program for best results. However, if you want to use the files for web-based creativity only, you are free to resize them down if you wish. The backgrounds, textures and patterns are high-quality jpg files, whilst the elements are pngs. ****A gentle reminder about file sizes**** NB. As the files are of high quality, they are large. So I have zipped them up, for your convenience, and you'll need to be able to unzip the file when you receive it. Please also note that in order to ensure the quality of your files, they have to be large, even when zipped up. This means: -The zipped file size is 1.2 GB -When unzipped, the file size is 1.73 GB -Therefore, I'd recommend that you have 5GB of free space on your hard drive in order to download and use this file properly and easily and that you allow some time for downloading it (exactly how much will depend on the speed of your internet connection). Having said all this, remember the size and quality of the bundle you'll be receiving. ****So**** If you want to dive into the creative possibilities of all those papers, images and textures, for a tiny fraction of the amount you'd pay elsewhere for such a huge selection, please grab your collection now.
