

# Forex Mean Reversion Trading System

[DOWNLOAD HERE](#)

The Forex Mean Reversion System is based on the Forex Mean Reversion Indicator. It is neither a Leading or a Lagging indicator. It is a real-time indicator that is based on a fundamental fact. It provides a true indication of when a market is Overbought/Oversold. On ALL instruments across ALL time-frames. Simple to set up, configure and trade. Suitable for absolute beginners. Mean Reversion is a fundamental fact. It applies to ALL instruments on ALL time-frames. Trade the system as is or use the indicator to compliment your existing strategies. Know when any market is truly Overbought/Oversold. Avoid False Break-outs. Less than a few minutes a day to trade the Daily and 4 Hour time-frames what you will receive ? forex\_mean\_reversion\_indicator.ex4 forex\_mean\_reversion\_template.tpl forex\_mean\_reversion PDF USER MANUAL
