MusiciansAtlas.com Atlas Soul is a Boston and New York-based six-piece band performing original music that celebrates Afro-Mediterranean cultures. The members are from different cultural backgrounds and countries: Morocco, Israel, Tunizia, France, Jordan, Cotes d'Ivoire, Rwanda, Germany and the US, representing a genuine fusion of traditions and inspirations geared towards better understanding and world peace. Atlas Soul sings in Arabic, Hebrew, French and English, making it not only a truly World Music band, but probably the only group of this kind currently residing in the U.S. Their lyrics speak of love, natural wonders, oppression, poverty, and of the melancholy of immigrants longing for their homelands. ATLAS Soul's music incorporates many styles: Moroccan Ra, Shaabi, West African Highlife, Afro-Beat, Socca, Reggae, Samba, Jazz, Funk and Rock which may seem ambitious but comes to the band very naturally. Band Members: Jacques Pardo: guitar, guitar synthesizer, soprano and tenor sax, lead vocals, Farah Seraj: lead vocals and percussions, Walid Zairi: electric bass, Oud, percussions, Andreas brade: Drum set, percussions. "What hits hardest about Atlas Soul's sound is the natural funk of North African music and also powerful vocals, which span fluid, passionate Gnawa melodies and husky Ra hooks. There is great wisdom in a world-music outfit that embraces divergent genres (but not so many that the sound loses its identity)". Banning Eyre Atlas Soul past performances includes the Montreal jazz Festival, Montreal Canada, the Kennedy Center Washington DC, the Houston International Festival Houston TX, the Louisiana International Festival Lafayette LA, , the Musikfest, America's music Festival
