Music of hot countries ...from the soul of Brazil, Haiti, Cuba and the French West Indies ...brought together in soulful Jazz grooves ... to tell the musical diaspora stories of people transplanted from their homelands. 10 MP3 Songs WORLD: World Fusion, JAZZ: World Fusion Details: "Diaspora are considered to be peoples scattered from their homelands...which describes nearly all of human experience and ancestry. In music we can find both the map and the voice of the human heart and soul. WE ARE ALL DIASPORA." "DIASPORA PULSE" tells a musical tale of people scattered from their homelands. With cello, flutes (bamboo, ceramic, penny whistles, concert and alto flutes), percussion, keyboards, vocals and spoken word...there is a weaving together of the worlds of Haiti, Cuba, Brazil and the French West Indies...the the vast loom of Jazz grooves. Touched by elements of Brazilian Samba, Haitian Vodou, Afro-Cuban Santeria Chants and Incantations of Guadeloupe, she has expressed the soul of those who suffered displacement...and made themselves whole again with music. And, in telling these musical tales, she tells her own story. In the musical poetry of "Diaspora Pulse," Anne H. Pollack has let the songs play through her, as she participates in the process of this ever-emerging musical expression. An instrumentalist and songwriter with vast experience, her concept has been more deeply enhanced by her talent as a producer. Lose yourself in these rich tracks. You might just, in the process, find yourself there. ** A portion of the proceeds of this CD will be donated to the to aid the victims of the hurricanes of 2005.** Songs composed, arranged, engineered and performed by Anne H.
