Dear Friend, Squeeze Pages are HOT! If you're not using a squeeze page on your website... you're missing out on TONS of money. We all know that list building is the key...and squeeze pages convert much better than a simple optin box...PERIOD. However it takes A LOT of time to create professional-looking, custom-designed squeeze pages that gets prospects to opt-in and build YOUR list... Introducing...The "Squeeze Pages Profit 6 Pack" - No Graphics Editing Required! This will be the first time you'll see something this simple yet powerful when it comes to squeeze page design! For a professional design that portrays an image of trust and professionalism it would normally cost you anywhere from \$150 (on the very cheap side) to \$300...for a squeeze page design that really does an effective job. Here's the good news... You Can Now Grab These *SIX* Professionally-Designed, Squeeze Pages That Convert Like Crazy! Just check out these amazing features: * No graphics editing needed at all... * Two tweaks to your html and they're ready for your Aweber autoresponder to take over (If you don't use Aweber, it'll take you about 5 minutes to tweak about 5 lines of html with your autoresponder code to

have these babies functioning like a charm.) * The entire page (both pages) created so all you do is edit the text and you're ready to go! Okay...instead of me explaining it all to you...let's just take a look... I've uploaded six screenshots of the exact squeeze templates you'll receive when you order. Take special note of the text in the templates. It does a great job of explaining everything. Also...keep in mind these are only images and not the actual templates you'll receive. Therefore, the page may take a little more time to load than usual (and of course you can't test the autoresponder form. But trust me... they both work flawlessly! All you need to do is open the template in your favorite web authoring program like Frontpage, Dreamweaver or NVU, edit the text, tweak a line or two of html for your autoresponder and that's it! You're done! EVEN THE ATTRACTIVE HEADLINE IS EDITABLE TEXT! ABSOLUTELY NO GRAPHICS EDITING REQUIRED!
