

Customary International Law - Brian D. Lepard

[DOWNLOAD HERE](#)

Customary international law, although long recognized as a primary source of international law, remains replete with enigmas, both conceptual and practical. These include how to determine the existence of opinio juris, the function of the state practice requirement, the definition of jus cogens customary norms, and the relationship between customary international law and ethics. In part because of these enigmas, the subject has generated a wide-ranging literature. However, no recent book-length work has attempted to articulate a comprehensive theory of customary international law that can effectively resolve these questions. This book sets out to accomplish this goal. Its approach is unique in a number of ways. For example, it is multidisciplinary and draws insights from fields such as legal theory, philosophy, political science, and game theory. In addition, it is anchored in a sophisticated ethical framework and explores at length the interconnections between customary international law and ethics. Author: Lepard, Brian D. Publisher: Cambridge University Press Illustration: N Language: ENG Title: Customary International Law Pages: 00440 (Encrypted PDF) On Sale: 2010-01-11 SKU-13/ISBN: 9780521191364 Lib Category: Common heritage of mankind (International law Lib Category: Customary law, International Category: Law : International
