The system uses no technical indicators it just focuses on simple price action methods. It is 100 manual and works with any currency pair. I like this concept because Forex education is always important and this seems to give you that option. Works with any currency pair! what Youll Receive after payment BinaryOptionsBully.docx (Manual) - sfx-value-investing.pdf - Instructions for using spreadsheet - Camarilla Calculator.xlsx - Camarilla Pivot Point Calculator.ods
