Alan's song "When This Old World Starts Lovin' Again" was chosen by the Association of Unity Churches to be included on their 'Love Notes' compilation CD- Program 26. "What I enjoy about Alan's music is the positive message about the presence of love and spirit in our everyday world. It touches on the challenges of being "at the crossroads of life" and the freedom of feeling "at times I am so beautiful". The depth of Alan's lyrics allow for listening to the CD time and time again. And often the "aha" comes from listening to a song that I have heard before, but not thought about in a particular way until that very moment. I highly recommend his music AND his message." Brenda E "I see great success for Alan and I know that many are greatly inspired by his music and example." Beverly M. Unity minister "Alan Peterson has a gift. It's a very good gift indeed. through music. So whether you're looking for some encouraging songs to help ease your heart and mind through troubled times, or some celebration music for your next party, Alan's mix of joyful harmonies and inspiring lyrics will put the skip back in your step and bring a smile to your soul. It's been my sincere privilege to consider Alan my friend, and I've been honored to have his musical expertise as a major contribution to some of the songs on my latest CD. He co-wrote some, sang the harmony parts, played great guitar licks and helped with arrangements, basically supporting me all the way through. So Alan, I want you to know I'll always be grateful for the part you've played in bringing my dream to life.

Congratulations now on the success of the wonderful gift you've brought us with "World in Love," as well as all the other music you're creating with Harmonic Convergence. My only request... Keep it UP!"
