

# Painters Estimate Kit

The image shows a screenshot of the 'Painters Unit Calculator' software interface. The title 'Painters Unit Calculator' is at the top center. The interface is divided into several sections: 'Square Footage' with input fields for Subtract, Height, Width, and Total Square Footage; 'Each' with input fields for Height, Width, and Total Square Footage; and 'Linear' with input fields for Linear Feet in inches and Total Linear Feet. A central 'TIME & MATERIALS' section includes a 'Paint Pals' logo and a 'Unit Price' field. To the right, there's a 'Labor Rate' section with 'Enter Your Desired Labor Rate' and a 'Dash' button. Below this are fields for 'Unit Price', 'Brand', 'Coverage/Sq Ft', and 'Total Labor & Materials'. At the bottom, there are fields for 'Unit', 'Total Material Price', 'Paint', 'Percent', 'Gallons', 'Cost', 'Total Labor Price Per Unit', 'Total Paint \$ Per Unit', and 'Unit Charge'. A 'CLEAR' button is also present.
