Tribal Tattoos are extremely popular and can add a distinct je ne sais quoi to a persons character. The real beauty of tribal tattoos is that they dont have to be loud and obnoxious useless you want them to be, but rather subtle and stylish. It is a style that typically capitalizes on solid black lines and coloring (with some exceptions of course) and it is also composed of pointed and curved elements. Its bold and eye catching. In short, its a pretty wicked looking style! What Do They Mean? Tribal tattoos, when done by a skilled artist can be a dynamic piece of art. Probably the most documented and understood of the magically charged tribal tattoos was for the purpose of love spells and charms. Tattoo magicians would mix special herbs and potent concoctions to their dyes and would apply the tattoo to a

small, generally hidden area to activate the magic. These tattoos were kept hidden because it would be foolish for an old married woman to go around wearing the marks of a foolish youth.
