The No-Brainer FOREX System Are you looking for a forex system \*thats easy to trade? \*easy to understand? \*is profitable on any pair? \*on any time frame? \*offers a money back guarantee? Q:Can you give me an example of how much I might make on a trade using The No-Brainer System? In ONE MONTH the EUR/USD racked up 68 pips on the 5 minute chart and later 177 pips on the 1 hour chart. Although these are the kind of trades you can expect to find using this system, they are not typical. Is this a new system With years of trading experience and writing systems, I have created a new system based on the simple and profitable, tried and true, trend following method. I sort helpful information from misinformation and offer traders a workable, easy to understand, profitable system
