

Movavi 3d Media Player 3.1 Personal Edition

[DOWNLOAD HERE](#)

Movavi 3D Media Player plays back 3D videos, the ones that compose both the left and right images into a single video frame. Join the 3D revolution in home entertainment! You can watch Side-by-side 3D vids which use horizontal frame splitting and Anaglyph another form of stereo images composed into a single frame, where the distinction is made by color.
