Do your Blogs look just like every other Blog? Friday, December 24, 2010 From the Desktop of The Unselfish Marketer Re: Curing Booooooring Blogs Dear Blogger, With BlogSplash you can spice up your blog post and get them a little more noticed. A friend of mine James coded his own blog and when he did he added the ability to colorize the background of each of his posts. This got him thinking because some of his clients sites with their blog got some great attention when color was added. That is when his brain kicked into High Gear and he decided to make BlogSplash which will add images to your blog post. Examples: As you can see with BlogSplash it draws more attention to your blog post which is the entire idea. For a limited number of copies I am offering Full Master Resell Rights, I will limit this to 25 copies so it does not flood the market. I also included 10 high quality header images, made by me.. These are not some free header images. You can see example header images and more example blog splash images below.
