You can create literally 1,000's of different 3D icons... each one in just a few clicks. Here's just a tiny sample of all the different icons you can create yourself with this new set of tools.... Here's Exactly what you get... 1. Icon Templates You get 18 pre-made templates (9 round and 9 square). Each of these templates comes pre-installed with some different shapes like checkmarks, text, and other signs. They also come pre-styled with some nice layer styles and nice color combinations. So you don't have to know anything about design... just add your own signs or text to the templates, and you're done. Each of the templates above can be fully customized to fit your needs. 2. Layer Styles To make it super easy for you to edit the templates, you're getting over 200 layer styles to quickly and easily style your icons with just a few clicks. You can apply these layer styles to any part of the above templates, and create literally 100's of 1,000's of

different looks. (And of course, you can use any other layer styles you already have.) 3. Action Scripts You get 4 actions scripts for turning the icons into 3D: "Circle Left", "Circle Right", "Square Left" and "Square Right". You also get 5 resize actions to quickly and easily resize your icons into 200 pixels, 100 pixels, 75 pixels, 50 pixels, and 25 pixels. All it takes is a click of the mouse to run these actions, and you get amazing effects in seconds. 4. Video Instructions This product is really simple to use, and literally takes just a few minutes to get started. But you still get step-by-step video instructions to be up and running right away. "So how much is this product?" I want to make this product affordable for everyone, and a no-brainer deal for you. So the super low price I came up with is.... \$17.00 Only! But don't let the low price fool you. This is a top notch product that is easily worth hundreds of dollars in saved designer fees. And I just might raise the price in the future. So if you're interested, grab this awesome package right now for the low price above. I also have a money back guarantee, just in case that price is not low enough... _____ Visit My Store For More Deals!!!
