

Camera Clues - Joe Nickell

Nationally known historical investigator Joe Nickell tells us how to identify and date old photos and how to distinguish originals from copies and fakes. He addresses forensic application, "surreptitious photography," and legal concerns. Particularly intriguing is his discussion of camera tricks, darkroom deceptions, retouching techniques, computer technology, and trickery detection. Nickell concludes with an exciting look at "paranormal" photography: alleged photographs of ghosts, UFOs, and legendary creatures, "miracle pictures," and psychokinetic (ESP-produced) photos.
