People who are interested in Sheryl Crow Jewel Paramore should consider this download. Details: After releasing several successful indie albums on her own, Mary Arden Collins listened to the voices inside her head telling her that it was time for a new adventure. Keeping the pop melodies and poetic lyrics intact, ARDEN of EDEN was born, adding new musical collaborations and white go-go boots. With a new name and an extra dose of inspiration, ARDEN of EDENs album, Love Street, is anything but the usual singer/songwriter melodrama. Whipping together tasty ingredients like soulful grooves and alternative rock, the result is fresh, organic Indie Pop. Long before its official release, Love Street made waves in TV (Criminal Minds and Joan of Arcadia) and film (The Thing About My Folks and Solstice). Inspired by a variety of life experiences from lust to love, from the political to the spiritual, ARDEN of EDEN will take you on a stimulating journey, while trying to save the world and still help you remember why you fell in love with music to begin with.
