

Mp3 Chris Thayer - Chasing Venus

[DOWNLOAD HERE](#)

One reviewer described Chris's music as "the soundtrack to a colorful life." It is a heapin' helping of musical truth serum. 13 MP3 Songs POP: Today's Top 40, ROCK: Modern Rock Details: Chris's music has enchanted audiences with a refreshing blend of wry wit and unflinching honesty, and has been described as "the soundtrack to a colorful life." Each song is like a heaping helping of musical truth serum. After what has since been labeled "the Great Crash of 2004" in which all 10 tracks from the first version of the album were lost to a computer hard drive crash, Chris set to work on re-recording and reinventing what came to be Chasing Venus. With several new "post-crash" songs and a phenomenal crew of musicians, Chris has finally captured all of the intensity and charm of his live show in a slick, cohesive presentation that is simply addictive from start to finish.
