Rock Details: Former New York City hard-rocker, Christopher Wall is now headed down the  
Singer/Songwriter trail. Since he shed the role of front-man in his last band 'As It Is' in the Spring of 2000,  
Chris has been focused on recording and releasing a huge back-log of solo material. His first solo CD,  
"Sensory Telepathy", came out in March of 2000, the follow-up, "Here Now", came out in January of  
2001, and his third release, "Acoustica", came out in 2003. The first 2 discs contain an eclectic mix of  
Hard Rock and Folk Rock with a touch of funk -- all with the melody and groove meters cranked to the  
max, while "Acoustica" has a more classic rock vibe to it.
