Get ready for sheer original technicality. Totally original style and 100 Deathgrind. Face paintin' pussies beware. Septic Regurgitant is here. 9 MP3 Songs METAL: Death Metal Details: CIRIBUS was formed in '98 by drummer Austin Spence, guitarist Aaron Johnson, and bassist Luie Gamboa in mendocino county ca. They wanted to make a more original style of death/grind metal with the main goal of pushing the genre in new directions. Their 1st demo release "crossing the river styx" sold over 500 copies within 3 months and was recieved well amongst the underground death metal scene in california. Their next release "decimation is inevitable" was releasaed in 2001 by brutal sound records and was also very well promoted amongst the underground death scene and also recieved excellent numerous reviews in well known nationally disrtributed deathmetal magazines and radio. Now the 3rd release "septic regurgitant" is sure to create havoc in the metal scene with this release
