Folk-rock collection of songs by Dave Nachmanoff and London-based songwriter Pete Hamilton, featuring Jeffrey and Michael Nachmanoff on drums and bass. 10 MP3 Songs FOLK: Modern Folk, FOLK: Folk Pop Details: "At the end of 2003, my brothers and I booked six hours of studio time near our hometown in Virginia. We were not planning to record a CD. We hardly ever get to play together anymore and thought it would be fun to record some songs by our good friend Pete Hamilton, an amazing songwriter who lives in London. We wound up cutting ten tracks! I took the tracks back to California and added some parts. Some of these songs have been around a long time (the final track was written when I was nine). I hope that you have as much fun listening to these songs as we had recording them." - Dave For more info on Dave Nachmanoff see his website - davenach.com
