Details: Boston-based Dongle formed in late 2007. Its mission statement: create low-budget pop music for active listeners. Through many ups and downs, moves and line-up changes, Dongle was able to complete its self-titled debut, released in December 2008. Dongle is inspired by everyday life and, admittedly, influenced by the palette at hand. The album is a mix of programmed drums and keyboards and live vocals, piano, guitar, bass and percussion. It was written and recorded in a bedroom, a living room and an office.
