Great pop rock songs, like the sixties meets today's alternative. 10 MP3 Songs POP: Pop/Rock, ROCK: Adult Alternative Pop/Rock Details: Brothers Jason and Timothy Gardner join forces with their childhood friend Jim Burns to become FAR OFF PLACE. This band is made great by their awesome songwriting, stylistic vocals and tight creative drumming. The group has a strong connection with music from a time when it was much more melodic and musical. Stealing influences from bands like the Beatles, Fleetwood Mac, Jefferson Airplane and other greats from the sixties and seventies, crossed with today's alternative sound. This band is a real reminder of just how awesome the music from that time really was. In 07 the band got the attention of the famous Artie Kornfeld [producer Woodstock 69 and contributor to over one hundred gold and platinum records] he brought in engineer Shelly Yakus [John Lennon, Tom Petty, U2] and produced their new cd. This is a band with not one or two, but dozens of hit songs says Artie, They're Alternative. and they're retro. This is cool new sound from a Far Off Place! People who are interested in The Beatles Oasis The White Stripes should consider this download.
