Filled with personal testimonies of God grace, love, wisdom and power. These 22 inspired tracks are sure to bless you. 22 MP3 Songs GOSPEL: Contemporary Gospel, HIP HOP/RAP: Spiritual Rap Details: After losing almost everything...My friends, my girl friend my job, my money, my credit, my studio and my mind I heard a voice saying, "James I love you!" It was at my lowest point that God made himself known to me and made me truly born again! He restored my right mind and led me down the path of righteousness. As I read his word especially proverbs I realized that I was the bad child and how much of a sinner I had become. Ever since I asked Jesus to come into my life he reversed the curse. I gave up over 100 negative rap songs (Which were popular and almost landed me a record deal) and started over. I told God that if he would give me back my sanity that I would serve him! Deciding to obey God's word was the best decision I could have ever made. He's transformed me from a sinner to a winner and now I have over 200 positive songs, and don't do wrong, have a new name, and new brain, a new wife and a new life and I owe it all to Christ! Everyone needs to, Embrace the Light...Jesus Christ! I hope this album blesses you and helps you stay away from sin and closer to the Savior of Men! If you're a Christian rapper and you want to be part of a Deep Righteous Records mixed CD just give me an email and I'll fill you in on the details! Peace and may God's spirit dwell richly in you and you bear his Spirits fruit! Thank You Father God for your many blessing on my new life! Peace, Love and Joy Your brother in Christ James McBride AKA Mr. Deep Positivity Write a review if this album touches you!
