

## Singapore Saradaalu

[DOWNLOAD HERE](#)

Documentary film on Singapore Language: Telugu Duration: 60min Singapore is a small country without any natural resources. Singapore buys much of its water from Malaysia. They don't have enough land and are reclaiming the sea to construct buildings. Even the sand used for reclaiming is imported. In spite of all the disadvantages Singapore has developed in to a modern country with in 50 years. Here is the success story of Singapore.
