

Vortices And Turbulence At Very Low Temperatures

[DOWNLOAD HERE](#)

C. F. Barenghi: Introduction to quantised vortices and turbulence - Y. A. Sergeev: Motion of solid particles and flow visualization in Helium II - L. Skrbek: Counterflow turbulence in He II and its decay - N. G. Berloff: Bose-Einstein condensation and superfluid turbulence - S. N. Fisher: Turbulence experiments in superfluid ^3He - J. J. Niemela: Classical turbulence in cryogenic helium EAN/ISBN : 9783211094471
Publisher(s): Springer, Wien Discussed keywords: Strmungslehre/-mechanik, Turbulenzen, Wirbel (techn.) Format: ePub/PDF Author(s): Barenghi, Carlo F. - Sergeev, Yuri
