Groove Rock 12 MP3 Songs Shake Funk Shake Shake Reformist Rock Heed Songs Details: Much like Batman, Alphatonic lives a rather bizarre dual life. It is simultaneously: The farewell CD from Minneapolis funksters The Heed and The debut of Alphatonic, the new propose from the 2 original Heed founders. Alphatonic finds itself decidedly darker and less low-down than it's predacessor, PROGNOSIS. More textures and focus on tightly written songs, Alphatonic marks a bit of a departure from the happy-go-lucky bar funk rock The Heed was known for. The Heed/Alphatonic continue to grow musically, and this CD showcases their breadth of songwriting and sonic abilities. This CD features Timm on vocals, Tom Berg on bass, AC on guitar and vocals and Nick Dodd on drums. Pick it up today!
