Background: I started coming up with lines in my head at the age of 12 I was telling my man I got

real rapper. I played ball through Elementary and High School. Smoking and chilln' out one day after I

graduated from High School I saw a commercial for C.S.D.H. for classes in the studio and a 48 track

console, I was hooked. In my second year in college I was shot at a college house party in the hood by an

I'm talking House, Cars, Bank Accounts off of my talents, hustle and prayer alone and not selling my soul. J- BEST: J is for Jason.
