

Mp3 Kit And Tim - At The Moment

[DOWNLOAD HERE](#)

Folky and funky, period. 14 MP3 Songs FOLK: Modern Folk, POP: Beatles-pop Details: Kit Soden and Tim Townsend fuse styles and ideas to form a refreshing blend of funk, folk, jazz, reggae, and eastern influenced music. Playing principally as a guitar duo, with vocal harmonies, they also perform as KAEJEMA, which is a live improvisation oriented extension of their music, in the form of a instrumental groove band. They have always approached music with open minds, and have played with many different styles of musicians. With KAEJEMA, they performed at the Vancouver Jazz Festival for three years in a row, toured Canada, and played regular shows in Vancouver, Whistler and the nearby Sunshine Coast . Their sound has appeal for everyone, regardless of age group or musical taste. Their performances as a duo or with the band are always described by the audience as fun, uplifting, entertaining and creative. Although performing live is the keystone to Kit and Tims musical careers, recording has always been a part of the process. With their releases of Kit Tim - At the Moment and KAEJEMA - Stories without Words, and a vault of over 100 live recordings and unreleased albums, they have been busy creating, engineering, and producing quality music at the infamous Sasamat House Studio, in Vancouver, BC, Canada. They formed 26eARTthTones Productions, Artforms and Recordings to promote and organize their talents and to create a base for more innovative fusions in thought, action and music
