Mp3 Sounddogs - Dog Pack 4 - More Mixed Bag

[DOWNLOAD HERE](#)

Dog Pack 4 is a variety of Hollywood sound effects from world famous Sounddogs website. A mixed bag of doors, crowds, foley, voices, metal and wood crashes and hits. 76 MP3 Songs SPOKEN WORD: With Music Details: Sounddogswas created in May of 1997 by Hollywood sound editors with over sixty feature film credits. We created the website out of a need to work fast and efficiently from anywhere in the world. Sounddogs has over 400,000 sounds including award winning sound effects and world class music for productions of any size and budget. Over the last eight years the need for sound effects and music for productions of all kinds has only increased. We pride ourselves in offering the best and most unique collection of sounds from all over the world for our customers. With new product channels, suppliers and artists, downloadable packs of sounds and an enhanced software design, Sounddogshas continued to pioneer the market. Don't be dazzled by Flashy web sites! It's all about getting the right sound...right now, and that's what Sounddogshas always been about. Sounddogsclients that have downloaded sounds during production or post-production include Academy Award nominated films such as Million Dollar Baby, Guess Who, Glory Road, Ali, Ice Princess, Miracle, Sea Biscuit, Meet The Parents, The Wonder Boys, As Good As It Gets, The Green Mile, Titanic, Stuart Little, Jerry Maguire and many more. The quality and accessibility of Sounddogsis premier; we have also provided sound effects to large corporations such as Microsoft (XP Movie Maker and MSDN), Apple (iMovie I II), Sprint Communications, Electronic Arts, Sony, Sega, and K'Nex Toys to name a few.. Sounddogsis the first and largest online sound effects library on the Internet and continues to lead the market by increasing the massive online library every month with high quality new content. The company was founded by Rob Nokes, a motion picture sound supervisor/editor/designer with over 15 years experience. He continues to stay on the cutting edge of the current and ever evolving Hollywood movie scene.
