Available now, an early release at CD Baby. The Big Creak's best work yet--be the first to own it. 11 MP3 Songs POP: with Live-band Production, ROCK: Roots Rock Details: The Big Creak is back...with it's best album yet. Quickly becoming known throughout the Midwest and Eastern US regions as one of the hottest live acts to catch, The Big Creak has been touring since 1998. Just Left Town is the band's third full-length release--and it is truly the mother of all. Fans of The Big Creak have been drawn in by the band's fresh and original sound. The band is known for its melodic fusion of modern rock, pop, roots, funk and world music styles...but The Big Creak's sound has never been as unique and cohesive as it is on this record. Just Left Town was recorded at Rooftop Recording near Cincinnati, Ohio, and mixed by producer Ian Schreier at Osceola Studios in Raleigh, North Carolina. Sonically, musically, and emotionally, Just Left Town is miles beyond anything The Big Creak has released to date. The Big Creak will tour the Midwest and Eastern US coastal regions in 2004 in support of this album. Check [thebigcreak](#) for the show nearest to you!
