In this solid e-report, you'll:

- * Slice Name-Squeeze open, inside-out and outside-in, and discover why as high as 50 of the visitors can virtually be a gold mine for the publisher. (And how you can turn that gold mine around for you!)
- * Revealed: How you can use squeeze effectively to build your own list before referring them to the publishers.
- * Discover the 3 types of emails used after your subscriber opt-in to your list and increase your sales up to as high as 12.61!
- * How I've lost more than 90 of my list by using the wrong autoresponder service, and how you can avoid that depressing mistake today!
- * Discover the 'good' news to Affiliate Marketers, like you and me, when the publisher uses pure name squeeze technique to double, triple and quadruple his or her list.
- * Avoid the Deadly Duo: the 2 surefire ways to lose your sales when you refer your traffic to the publisher's name squeeze page instead of the sales page. (And sadly, many affiliate program e.g. Clickbank cannot allow you to by-pass the name squeeze!)
- * The Essence: Master the Super Six Methods: the 6 guaranteed methods you can use to secure and increase your commission, whether the publisher is using name squeeze page or not!
- * Apply the Fantastic Four Steps: the 4 must-do steps when you join any affiliate program to make sure that your

marketing effort will not be flushed down the drain! And many more!
