Making perfume may be something you've always dreamed of doing but felt you didn't have a clue. I'm here to tell you it's an experience you'll not only find very challenging but also very rewarding, especially when you see and smell the finished product. The art of making perfume is very similar to making good wine. It's a combination of ingredients that, when properly mixed, will only get better with time. It's also very similar to baking a cake. If you follow the recipe to the letter, you'll have a creation that will make you proud.
