Earn Money from Other Peoples Sales Completely on Autopilot, 24x7 in All Niches, From all Countries even when You Sleep!" STOP Sending All Your Customers Away after Each Sale and START Adding Extra Profit to Your Pockets while Making Money from All Your Competitors Sales ... What if you had something to sell or even better, give to your customers that * They can use for some repetitive purpose (something almost every person in the world with a PC does every now and then. Some even a number of times every day). * Would allow you not only to brand yourself, but brand every site and/or product you have. Its up to you as you would have the power to do it! * Would be possible to let loose and use in a viral manner ... * Actually has a real value to almost everyone online. Never mind the age, gender, niche interests, culture background or geographical location * Would have a built in ad you could change for every site where you give away or sell this product. * Would have the built in option (your choice if you want to use it) to open a web page (in the default browser) of your choice each time it is used. * Could sense if a specific file was present when the program is used and open it automatically presenting the content for the user. What if I told you that at this moment you push every customer away by force,

missing many sales. On almost every thank you and download page I've seen online the owner (you too?) tell the new customer to go away and get a copy of Winzip. You Will Never Have to do that again Let me present, Zip 2 Profit, earn money from other people's sales Profit from other People's Sales! It can get any easier than this! Even when your customer buys from other marketers he normally will have to unzip the package he's bought. As he got a copy of Zip2Profit from his preferred marketer, You, he used that easy to use and very handy piece of software to unzip the purchase. Even though he purchased from someone else, you will get your brand in front of his eyes. You will have 2 direct offers Jumping at him from the software itself and depending on your choice may he even be exposed to a web site of your choice with one more offers or why not even a free gift (pulling them back to you again!). Sell it, give it away, bundle it ... It's up to you how you get a copy on every customer's computer. My tip is to stop sending your customers away from your thank you/download pages by telling them to go and get a copy of Winzip (telling them to leave your site without earning money from it is just plain bad business) and give them a copy of Zip2Profit instead! You can earn money from a number of different built in revenue streams (and remember, people have a lot of zip files and they download new ones almost every day, allowing you to profit from each and every unzip they do!).

The Revenue Streams of Zip2Profit Here's a List of the Built in Revenue Streams, *

- * The Main Ad. The big blue text above will capture the user's eye each and every time they use the program. This text can be made inviting and click friendly by using commonly known ad copy techniques. The built in url you decide will take the user to your url of choice where you can use signup pages, squeeze pages and special offers to keep profiting day after day without lifting a finger!
- * Top One Line Ad. Used for a more general message like call to action for visiting a site. This One Liner is one of the Ad Paths you will use when allowing your customers branding rights (only in the MRR version). They will not be able to change it so your one liner will be shown to all the customers your customer have! *
- * Site Auto Open. You can enable this function and have Zip2Profit send the user to an url of your choice after each and every unzip. This can be very effective in some niches and you could use this to present special offers (and how about using some rotating content showing a new web page or new content after each unzip!).
- * Secret File. You can tell Zip2Profit to keep a close check on all files inside the zip files. Using the Secret File option Zip2Profit will on your command open a file (you set the desired filename) when found inside a zip file. This is a golden opportunity for you as no other software in the world will do this, but you can start adding a special offer, invitation, bonus or why not a thank you note in all the zip

files you do. Absolutely NO Adware or Spyware Under the Hood! Zip2profit was created by me and I have all the source code to it. So I can assure you there's no adware, malware or similar hidden inside it. Zip2Profit was created to be easy to use. This will save you time and minimize time spent on customer support. * There's only 1 file to give away. * No setup needed. * No changes is done on your customers computer. * And Zip2profit only does one thing, It unpacks zip files! This makes it as close to newbie safe a software can come! Your New Secret Marketing Weapon The Included Rights The Resell Rights version allows you to completely brand your copies of Zip2profit and sell or give them away to all your customers.
