They are proud to announce the release of BlaZe A MiC self-entitled debut CD. BlaZe A MiC a.k.a. Matt Foley began rapping at age 14 in Boston, Ma. After gaining fame from freestyles and battles Matt was given the name BlaZe A MiC for the way he destroyed his opponents and literally set the mic on fire with his amazing lyrics. Little did BlaZe know his whole world was about to change due to a family move to Clearwater, Fl. It took BlaZe A MiC little time to adjust his skillz to Florida home of the 808 and booty shake. His style still allowed him to stand out from other MC's. With this in mind BlaZe and Who Ya Wit? Records quickly formed a relationship which brings us to BlaZe's debut CD.
