

## Mp3 Boochie Shepherd - Rock: Modern Rock

[DOWNLOAD HERE](#)

These guys are simply amazing. This is a perfect blend of Alternative, Folk, and straight-ahead Rock. 10 MP3 Songs ROCK: Modern Rock, POP: Today's Top 40 Details: They shouldn't rock, but they do. And music fans across the southeast are getting the idea: Boochie Shepherd is for real. Perfect arrangements, walls of guitars, and desperate vocals all combine with the kind of songwriting that makes you remember who you are, long for who you used to be, and wonder about what you will become; lyrics that search below the surface to resurrect feelings that most people try to ignore. The music can be incredibly aggressive, yet apologetic; reserved, but totally revealing. Sales of their self-titled, debut album are proof enough that the songs are undeniable. Boochie Shepherd's dueling electric guitars and driving, pulsing rhythm section compliment layers of raw, acoustic instruments and tight harmonies, creating an awe-inspiring live show. They are not typical. Nobody with a banjo in a rock band is typical. Nobody with this kind of sound is typical. This is not the band you see at the local club. They embody the opposite of that ideal. They are anti-rock, but at the same time they are the very essence of what rock is all about. They are real people. They are not rock stars. Casting off the idea that music can only be played in smoky clubs and drunken bars, Boochie Shepherd holds a standard that few, if any, bands cling to. And people still listen, the fan base still grows with every show, and the CDs still sell; because the music is that good. With youth and determination on their side, Boochie Shepherd is poised to be around for a very, very long time.
