Nine inch nails meets Moby 10 MP3 Songs ELECTRONIC: Drum 'n Bass/Jungle, ELECTRONIC: Experimental Details: HAYLSTORM is Nate Schnitzer, a 24-year old bay area musician/Producer on the rise. "The Cycle" is a collection of the compositions he has been working on for the last 2 years at his home studio. Nate has been making music for all of his life and began playing the piano at the age of four. He first started to make electronic music in 2002, and locally sold over 50 copies of his demo disc "Auto-Manual." Nate's first cd's mainly contained house and trance beats (of mediocre sound quality at best), but now he has developed a deep appreciation for Drum n' Bass, and continues to make more professional-sounding music in this genre. "The Cycle" is the first cd that he officially released, and plans on releasing another DnB cd before 2008. You can contact Nate at: hespinz@yahoo.com
