

Mp3 Ostinauto - The Whole World Spinz Anyway

[DOWNLOAD HERE](#)

It's been suggested that if The Police and Paul Simon wrote songs together, mixed in a little Viola and then added Natalie Merchant as their singer - you'd have a notion of the of the OstinAuto Sound. 12 MP3 Songs ROCK: Americana, POP: California Pop Details: We are pleased that you are here to check out the new CD by OstinAuto, "The Whole World Spinz Anyway"! What does OstinAuto mean? It's based on the musical term "ostinato", which is a well-defined musical segment that is repeated. All of our songs are built upon repeated lines from the piccolo bass. So what's a piccolo bass? It's kind of like a 6 string electric cello. Check out our song samples and see if you can pick it out. OstinAuto Reviews: OstinAuto: The Whole World Spinz Anyway Genre: Rock/Easy Listening / Artist Site: ostinauto/ Rating by Kangar Radio: **** 1/2 With very good vocals and lyrics, a great album to sit back and relax to. One of the most enjoyable CDs I have heard in a very long time. At first it sounds a bit of a Fleetwood Mac copy but after a few tracks you realize that it is not a copy but as good as any of Fleetwood Mac's classic discs. Andrew Allan Rating: Global rating 5 Stars The album is reminiscent of the styles of artists like The Police and Paul Simon with vocals very similar to Natalie Merchant This is a very pop sounding CD. Each song is well written with engaging lyrics and an upbeat musical style. Stylistically, it moves around a bit by including unexpected elements, like the almost Celtic sound showing up in "Hold Me", giving the songs an ongoing freshness throughout the album. I think fans of the above mentioned artists would enjoy "The Whole World Spinz Anyway" and I highly recommend it for them. Brock Reller - FreshNewTunes.com What's OstinAuto been up to as of July 1st, 2005 Currently we are the featured artists on IndieArtistRadio in the US and TuneTrader in the UK OstinAuto also has on-line play at: bandradio, independentnation.net music4ipods, indielimelightshow.com All OstinAuto songs are now available world wide for digital downloads from Apple iTunes to Wal Mart (Liquid Audio) Last but not least, OstinAuto has
