

Mp3 Steve Wallace - Come With Tha Real

[DOWNLOAD HERE](#)

Progressive Soul Music Modern R&B for the Masses. 16 MP3 Songs URBAN/R&B: Soul Details: Steve Wallace is a brilliant musician, a thoughtful songwriter, and an inspiring producer with a dynamic vocal instrument with a broad range of expression. His music has a classic feel and is also youthful and relevant to the present generation, spiritual and socially conscious without being preachy. Often he is compared by others with the legendary Stevie Wonder and Donnie Hathaway and as influences he also cites The Roots, A Tribe Called Quest, DJ Premier, G. Puccini and L. V. Beethoven. With his intoxicating energy and positive outlook on life, Steve Wallace is a needed energy in our world and is definitely the next breakthrough artist on the music scene. "Steve's beats can mosdef get you Chicago stepping--while sensitive melodies are a soundtrack for urban seduction." -GORDON CHAMBERS

/Producer-Songwriter-Artist "In music what sets an artist apart from his peers has to be their unique style, their ability to convey their message so you can feel what they feel. To accomplish this kind of feat it takes a lot of talent. One of the many things that is striking about Steve Wallace is his vocal versatility. From the head nodding title track (Come with the real) to the house groovy "Goodbye", Steve's voice is right at home with any kind of instrumentation. Steve Wallace sets himself apart from many of his peers with his uncanny knack create fresh original grooves. Steve Wallace is the type of musical mystic that will keep the nu-soul movement moving progressively forward. This CD is just too damn good." -AyeJay Da' Muzik Hunta' Spraggins * ayejay@arthausnyc arthausnyc -----
