Sit, relax and enjoy the Angelic sounds of the Harp as it transports you to a distant time of utter tranquility.

17 MP3 Songs NEW AGE: Meditation, NEW AGE: Healing Details: Harps, one of the oldest string instruments, were of great importance in the cultural life of the ancient Egyptians. For centuries, their mystical powers have been used to heal ailments the world over. Join us in sharing the beauty of the Harp as it radiates peace, love and harmony. Today, the world moves at an ever so fast pace leaving us tired and stressed. We work long and hard in hope of buying "the good life". What we fail to see is that the "good life is the present". Stop! Allow yourself to breath and relax. Find the balance within letting your energy flow in a natural path. It has been documented that listening to relaxing music effects the body by lowering blood pressure and releasing endorphins which make us feel good. Take 45 minutes of each day to forget about your worries and listen to the angelic sounds of the Harp as it guides you along the way. Our wish is that "Dreaming by the Pond" will make you feel rejuvenated allowing you to take on the day. " I feel the CD presents the message that we are all connected and connected to nature in ways we have yet to explain. I felt my body rhythms entrain to the relaxing melody of the music." Dr. Tracy Johnson Santa Barbara, CA [thehealingloft.com](http://thehealingloft.com) "I was fortunate enough to listen to your CD while driving for 2-3 hours and it was just an exhilarating experience. The CD is truly wonderful... Each track is unique and powerful." Anil Allamaneni Santa Barbara, CA Take the Digital Music Challenge with 50 of Profits going to Charity. The following 3 Charities will benefit - Mercy Corps, Direct Relief International, and Light Up Your World benefiting people in dire need.
