This title examines one of the world's critical issues, biological and chemical warfare. Readers will learn the historical background of this issue leading up to its current and future impact on society. The Hague Peace Conventions, the Geneva Protocol, and the Chemical Weapons Convention are discussed in detail. Programs that protect the United States against biological or chemical attack are also introduced. Engaging text, informative sidebars, and color photographs present information realistically, leaving readers with a thorough, honest interpretation of biological and chemical warfare. Features include a timeline, facts, additional resources, Web sites, a glossary, a bibliography, and an index.
