She is re-energizing folk music for a new generation. With a rich, strong, non-girly voice and lyrics that evoke universal emotions and memories, each of her songs promises a unique folk experience that stays with you long after you first hear it. 5 MP3 Songs FOLK: like Joni, FOLK: Traditional Folk Details: Annie Crane hails from Rochester, NY where she grew up on her mothers Paul Simon records and Canadian/Irish folk, her grandmothers Italian operas, and her fathers interest in all things new and techy. At 13, beginning to be noticed as a girl with a voice, she was already developing a special affinity for classic 60s Folk. She received classical vocal training at Eastman School of Music, but while studying at The University of Toronto, she turned her prodigious talents toward her first love, folk music. She has been compared to the likes of Joan Baez, Judy Collins, Joni Mitchell, and Gillian Welch. As one enthusiastic fan put it, She looks across the audience like shes looking deep into a distant decade. Now based in NYC, Annie has played at The Sidewalk Caf, Bar Matchless, Bar 4, Googies Lounge ,The Bitter End with the NY Singer Songwriter Sessions, Laila Lounge with the Jezebel Music Songwriter Showcase and Freddys Back Room with the Troubadour Revue.
