Add three cups of funk, a cup of jazz, a dash of pop, two cups of melted laided back R&B and simmer in techno. Add a hint of hip-hop and covered with ambient sause. Serve with wine, sit back and enjoy. 13 MP3 Songs EASY LISTENING: Lounge, EASY LISTENING: Background Music Details: Step into the cool calmness of an Audible Silence and bathe your self in relaxation. The Tautological A tantalizing touch of transonic transcendentalism, tapping the thalamus and transporting you to a tranquil territory allowing a story to transpire. From the first transmitted timbre you get trapped. It's trenchancy tunes transverse and transmute from an image to sound and back to an image. It's a torrid trip, a tokay, and a topaz. There is no tantamount, the technique is almost a telluric therapeutic theurgy. Take a taste test and let it titilate you. I promise it will melt in your ear like chocolate in your mouth. Possibly one of the best sleeper CDs of the year. Plain english our sounds biggest influence comes from what PJ thinks are the best keyboardist in the last twenty years, S. Wonder, T. Dolby, H. Hancock, and H, Jones mixed with the baddest best most awsome musician in the the world Prince. Its a dreamy alternative BGM relaxing mood swing.
