Rocking Renegade Keyboard Jams from a life long Misfit. Music for the terminally disaffected and disregarded. Music for the people who never were intended to be part of the next New World Order. 23 MP3 Songs in this album (55:55) ! Related styles: ELECTRONIC: Experimental, BLUES: Electric Blues
Details: These are some recordings left over from other projects that never really fit in anywhere, hence the title: Music for Misfits. Somewhere along the way, it became a personal tribute to the outsider, the odd ball, the loner, the misunderstood, the rejected, the deformed, and the misfits of society. I myself, was always a misfit, and had few childhood friends. I survived and have managed to create many fun memories as an adult. Still a misfit of sorts, I am making the best of it. The Spirit of Life is indomitable and the Love of the Universe is infinite. With patience, love, understanding, acceptance, will power, hard work, and correct attitude anything is possible. All injuries can be made whole and even mountains can be moved. I am lucky to be alive and lucky to be able to share this music with you. I hope you enjoy it. Furthermore, I hope we all can nourish a habit of savoring the moment and enjoying the day. Life is short. The possibilities are infinite.
