

Mp3 Clive Richardson - Escape Velocity

[DOWNLOAD HERE](#)

An eclectic fusion of styles and genres ranging from chillout electronica and cinematic soundscapes right through to full-on rock/metal to stir the emotions. 12 MP3 Songs in this album (52:04) ! Related styles: ELECTRONIC: Electronica, ROCK: Experimental Rock People who are interested in Enigma Mike Oldfield Jean Michel Jarre should consider this download. Details: As a lover of pretty much all styles of music, Composer and producer Clive Richardson blends and fuses many different genres in his own original compositions. His music has featured on the soundtracks to various TV/Film and DVD productions in the US UK, and "Escape Velocity" is his debut full length solo album. The album is a collection of intelligently crafted and well produced material that takes the listener on a musical journey through various feelings and emotions. You'll find a mixture of styles genres throughout - from relaxing and mellow chillout/electronica, to tension filled soundtrack pieces, right through to full on loud-as-you-like rock and metal aggression! "Escape Velocity" is an album that any music lover should enjoy listening to.
