Not Your Party Store Silly Sound Effects CD. This CD Has Dark Gothic Horror Cinematic Soundscapes. Perfect for Halloween Enthusiasts, Horror Fans, Fans of Original Film Scores and ANYONE Who Is Into the Bizzare Twisted. 16 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Soundscapes Details: Petruccelli Productions is the company owned by Multi-Media Composer, Frank J. Petruccelli and is located in the Greater Boston Area, MA. I have been involved with the music/entertainment industry for over 23 years. I have worked both on stage behind the scenes in Community Professional Theatre and have worked at Universal Studios in Orlando Florida with The Hollywood Horror Make-Up Show and The Alfred Hitchcock Presents Show. I have been involved with the Haunted Attraction Industry for over 23 years as an actor, performance coach, assistant manager, planner builder and for over the past 7 years composer. I am a proud part of Kevin McCurdy's Haunted Mansion located in Poughkeepsie NY. Behind everything I do and have done I realize the important role music sound plays in effecting you physically, emotionally, and personally. Whether it is a Film, TV Show/Commercial, Industrial Film, Web Site, Theme Park Attraction or Video Game the visual element is only half of what makes it effective, makes it stand out, and what makes it memorable. The other half is MUSIC SOUND and that is where I come in! I have combined my admiration, enthusiasm , and respect for multi-media of all types with my passion for music to help you enhance your product, vision and/or idea with Original Cinematic Soundscapes and Sound Design. Now I am happy to say my fourth CD is here, Morbid Melodies. On this one we went even darker, more twisted and wanted just the music alone to give you nightmares, sleep tight. As with my other CDs the tracks on this one are a mix of dark moods. From suspense to the unusually twisted and everything in between these dark cinematic tunes have it all. Take a listen, enjoy, and hope to "FEAR" from you soon!
