complex electronic music for people who like to listen (and maybe dance now and then . . .) this is "brain dance." 13 MP3 Songs ELECTRONIC: Experimental, ELECTRONIC: Drum 'n Bass/Jungle Details: electronic music for the thinking man, and a concept album at that! highly influenced by the works of aphex twin, squarepusher and phonhead--fribbulous xax has composed a collection of instrumental songs with the help of their computers and synthesizers. these hand programmed tunes (many with "home-made tonalities") recall music such luminaries as matmos and who-ever composed the music for the "sonic the hedgehog" series of games. an interesting jaunt into the even more underground areas of BRAINDANCE.
