Jazz Fusion meets Prog Rock with tid bits of time signatures changes. Heavy guitars and saxes at times with melodic melodies, orchestral overtones and lots of harmonies at other times to round out the sound. 9 MP3 Songs JAZZ: Jazz Fusion, ROCK: Progressive Rock Details: The Gnomen story: Gnomen was established in 1972 by a group of musicians who came from a rock background. The band played together for almost 4 years with varied personnel. At the end of 1975 the group disbanded. Twenty five later Stephen Haich and Rick Lombardi, two of the original members, re-united to resurrect the original tunes. Shortly after, Dennis F Natoli(the original lyricist) also re-connected and brought a renewed element of inspiration. This CD is a reflection of the first phase of Gnomen's musical development. The songs were initially very rock based. The original group members modified the sound to be more progressive. When Rick and Steve re-united they added more contemporary elements yet retained the progressive/jazz core. Original Band Members: Steve Haich(Reeds Vocals), Rick Lombardi(Guitars Mellotron), Jack Mortrell(Bass Vocals), Jerry Shannon(Drums), Dennis Natoli(Oboe Lyrics), Danny Tumolo(Bass Vocals), Robert Venuto(Drums Vocals) Steve and Rick hope you enjoy listening to this CD as much as they enjoyed recording it. Look for CD number 2 "Spirits of Dawn" being released later this year which reflects a heavier jazz development.
